MALEK JEMAA

PMP® Project Manager / PMO — Portfolio Governance & Digital Transformation

Soukra, Ariana 2036, Tunisia | +216 52 01 77 31 | malek.jmaa2024@gmail.com | linkedin.com/in/malek-jmaa | credly.com/users/malek-jemaa

PROFESSIONAL SUMMARY

PMP®-certified Project Manager / PMO with 10+ years of experience leading complex digital transformation programs across IT, ERP, CRM, and business applications. Experienced in portfolio governance, strategic planning, project delivery, and cross-functional leadership, driving alignment between business objectives and technology execution. Proven ability to manage end-to-end project lifecycles, establish governance frameworks, optimize processes, and deliver measurable business value. Skilled in Agile and Hybrid methodologies, Azure DevOps, Power BI, and stakeholder management, with a strong track record of leading teams, coordinating multiple initiatives, and supporting data-driven decision-making.

CORE COMPETENCIES

Enterprise PMO Leadership & Governance (setup, structuring, maturity models) • Portfolio & Program Management (prioritization, strategic alignment, benefits realization) • PMO Strategy & Transformation (process standardization, continuous improvement) • Executive Steering & Decision Support (reporting, KPIs, Power BI dashboards) • Project Delivery Oversight (Agile, Waterfall, Hybrid – performance monitoring) • Stakeholder & Executive Management (senior leadership communication, cross-functional alignment) • Resource & Capacity Management (workforce planning, optimal allocation) • Financial Governance (budgeting, cost control, forecasting, ROI tracking) • Risk, Issue & Dependency Governance (enterprise risk frameworks and escalation) • Change Management & User Adoption (communication strategy, adoption tracking) • Vendor & Contract Management (supplier governance, SLA/KPI monitoring) • Process Excellence & Continuous Improvement (automation, best practices)

Tools & technology: PPM & Delivery: Azure DevOps, Jira, MS Project • Reporting & Analytics: Power BI, Advanced Excel • Collaboration & Governance (Teams, SharePoint…) • Process Modeling: Lucidchart, BPMN • Enterprise Systems: Dynamics 365, NAV...

PROFESSIONAL EXPERIENCE

PMO | Digital Transformation & Portfolio Governance — **Feb 2022 – Present**

Central University – Honoris United Universities Group

- Led a portfolio of 50+ IT and transformation projects, improving delivery performance and alignment with business strategy.

- Implemented Azure DevOps, reducing reporting effort by 30% and improving tracking efficiency.

- Engineered real-time Power BI dashboards that provided executives with critical insights, leading to a 15% uplift in strategic initiative alignment.

- Developed and implemented PMO governance standards, directly improving project control and ensuring reporting consistency for 10+ executive stakeholders.

Microsoft Dynamics Business Central Consultant – Project Manager — **Dec 2021 – Jan 2022**
(Previously Microsft Navision/Business Central Techno-Functional Consultant)

TIMMS (Timsoft Group)

- Managed 5–10 concurrent ERP projects using Jira, improving productivity by 20%.

- Trained 50+ users, accelerating system adoption and reducing support issues.

Project Coordinator (Microsoft Dynamics Navision/Business Central) — **Jul 2019 – Nov 2021**

Deltasoft International

- Delivered ERP projects end-to-end, ensuring scope, quality, and timeline compliance.

- Facilitated workshops reducing requirement gaps by 25%.

ERP Techno-Functional Consultant – Design & Implementation Team — **Jul 2018 – May 2019**

SIMAC Tunisia

- Coordinated with business users on ERP implementation (MyPGI) for clients including SRTB, SRTGN, BNA and AFH; supported functional documentation, training, data migration, and QA testing.

PLM/PDM Consultant – Development Team — **Aug 2017 – Jun 2018**

Tunis PLM Services

- Supported international PLM/PDM projects for BMW, Kuka, and Aras Corporation: managed client workshops, requirements documentation, development, customization, testing, and training during project handover.

Teacher — **Sep 2016 – Jun 2017**

HIGHER INSTITUTE OF TECHNOLOGY STUDIES KELIBIA (ISET KELIBIA)

- Developed and executed an evaluation framework for course effectiveness, yielding insights that led to a 20% enhancement in course content quality; implemented changes based on student feedback to ensure relevance and applicability.
